WRITING CAMP

July 18 - 21

This camp is designed to increase student achievement in creative writing. The 6+1 Traits® of Writing is an analytical model for assessing and teaching writing. It consists of 6+1 key qualities that define strong writing. These are: Ideas, Organization, Voice, Word Choice, Sentence Fluency, Conventions, and Presentation. Students will have experience writing different types of essays: narrative, persuasive, and descriptive using a variety of graphic organizers. Older students will have an opportunity to use the VDOE online writing tool website.

Students in grades K-6 are eligible.

Project Managers: Andrea Perry and Kim Lavelle

SUMMER ART INSTITUTE

June 27 – 30

Get those creative juices flowing in this exciting art camp! We will work in many art mediums with the art projects based on artwork from “Air, Land, and Sea. There will be a culminating art show on the last day.

Students in grades 1 – 6 are eligible.
Project Manager: Sherry Koolman

STEM CAMP

July 11 - 14

In this project-based camp, students will use an integrated approach to learning using rigorous academic concepts coupled with real-world lessons. Students apply Science, Technology, Engineering, and Mathematics (STEM) that make connections between school and the community. This summer’s topic is “AVIATION”!

Students in grades 3 – 6 are eligible.
Project Managers:
Theresa Hahn and Sue Perry

MATH CAMP

July 25 - 28

This camp will focus on providing additional instruction and extra practice in basic skills – addition, subtraction, multiplication, and division of whole numbers, fractions, and word problems. Rising third and fourth graders will focus on multiplication. The students will use a hands-on approach with technology integration to develop an understanding of the content.

Students in grades 1 - 6 are eligible.
